## restaurant reviewer.co.uk

When we arrived, the man <sup>1</sup>\_\_\_\_\_ was at the reception didn't even greet us. After a ten-minute wait, he eventually spoke to us. Although the place was empty, he showed us to one of the tables <sup>2</sup>\_\_\_\_\_ were by the toilet.

After another ten-minute wait, he returned. He only gave us one menu, <sup>3</sup>\_\_\_\_\_ was *absolutely filthy*\*. When we looked at the menu, all the dishes sounded horrible! The only thing <sup>4</sup>\_\_\_\_\_ we could choose off the menu was the soup. However, the soup tasted like it had been made the year before!

Maybe this place was good <sup>5</sup>\_\_\_\_\_ it first opened, but now it looks like it has *gone to the dogs*\*! In future, we will only go to restaurants <sup>6</sup>\_\_\_\_\_ they treat their customers well.

\*filthy = very dirty

\*gone to the dogs = change to a bad condition because no one has looked after it

You can also use any of the language from the review. It's a good idea to copy good examples of writing because this can help you to learn some natural expressions.

Make a few notes:

- What happened when you first arrived?
- What were the waiters like?
- Where did you sit?
- Did you have to wait?
- What was on the menu?
